How Your Vision Care Program Works

Eligible dependents under age 19 are entitled to receive a vision examination and one (1) pair of lenses once every 12 months and a frame once every 24 months or contact lenses and contact lens evaluation/fitting once every 12 months from last date of service. Eligible members and dependents age 19 & over are entitled to receive a vision examination and contact lens evaluation/fitting once every 12 months and one (1) pair of lenses and a frame or contact lenses once every 24 months from last date of service.

For your convenience, at the start of the program, you will receive two identification cards with participating providers in your zip code area listed on the back. At the time of your appointment, simply present your NVA identification card to the provider or indicate that your benefit is administered by NVA. The provider will contact NVA to verify eligibility. A vision claim form is not required at an NVA participating provider.

Be sure to inform the provider of your medical history and any prescription or over-the-counter (OTC) medications you may be taking.

To verify your benefit eligibility prior to calling or visiting your eye care provider, please visit our website at www.e-nva.com, or download our mobile app by searching NVA Vision, or contact NVA's Customer Service Department toll-free at 1.800.672.7723 (TDD line 1-888-820-2990) or NVA's Interactive Voice Response (IVR). Customer Service is available 24 hours a day, 7 days a week, 365 days a year. Any question any time.

If you are not a registered subscriber, you can still search our providers online by selecting the "Find a Provider" link on our home page. Enter group number 00110002 or the group number on the identification card and enter in your search parameters. It's that easy!

*Once every 12 months provided there is a ½ diopter prescription change.

**Pre-approval from NVA required.

①Provider will charge the difference between the wholesale cost and the plan allowance plus 20%.

②Provider will charge their R&C price less 25%.

Broken Lenses: Replacement of broken lenses is covered once every 12 months. Broken lenses or written verification must be sent to NVA for issuance of an authorization number.

For lenses exceeding plan specifications, participating providers may obtain a prior authorization number, which must be submitted along with a lab invoice as part of the claim.

Participating providers are not contractually obligated to offer sale prices in addition to outlined coverage. Regardless of medical or optical necessity, vision benefits are not available more frequently than specified in your policy.
